

Trelleborg Offshore Products

Riser Pipe Fire Protection

Viking Firestop™

Viking Jetfirestop™

Viking Fireflex™

TRELLEBORG
ENGINEERED SYSTEMS

Main Features

- Maximum fire protection.
- Specially designed for the splash zone.
- Provides excellent corrosion protection.
- Provides excellent mechanical damage protection.
- Chemically bonded to substrate.
- Cathodic disbondment resistance.
- Antifouling (when required).
- Blast resistance.
- Maintenance free.

Properties

RESISTANT TO:

Jetfire up to 2 hrs.
Blast up to 2, 1 bar
Seawater, process liquids
Ozone, UV-light
Mechanical damage
Impact from debris
Cathodic disbondment

Products of Combustion: Negligible
