

CERTIFICATION  
FIBER REINFORCEMENT PERFORMANCE

**MATERIAL REQUIREMENTS:**

Trelleborg Pipe Seals Milford, Inc. hereby certifies that our Bidco C-200 Fiber are 100% homopolymer virgin polypropylene monofilament fibers containing no reprocessed olefin materials and are specially engineered and manufactured to an optimum graduation for use as fibrous reinforcement for concrete. Bidco C-200 Fiber will meet the material specifications described in ASTM-C-1116 "Standard Specification for Fiber-Reinforced Concrete and Shocrete", TYPE III Section 4.1.3.
