

Trelleborg Printing Solutions

Trelleborg Printing Solutions adds value to your business providing a wide range of printing blankets.

The Group has a consistent track record, second to none when it comes to engineering materials and designing components to meet the ever changing needs of industry.

Trelleborg Vulcan®, Rollin® and Printec® are the application-oriented blankets for: newspapers, magazines and catalogues, business forms, metal decorating, packaging, plus a wide choice of blankets for special printing machines.

Recently added to the product range the new fabric-less coating plate range completes the offer.

More info at: trelleborg.com/printing

Trelleborg Printing Solutions at a glance:

- Over 50 years experience in the offset printing industry
- Innovative technology, patented processes and total quality management.
- Wide and complete choice of Vulcan®, Rollin® and Printec® blankets and coating plates
- Application-oriented blankets

Trelleborg Printing Solutions is an operating unit within Trelleborg Coated Systems, part of the Trelleborg Group. It has over 50 years experience in the printing industry. This knowledge is combined with innovative technology, patented processes, vertical integration and total quality management. Offering first class solutions for the printing industry worldwide, Vulcan®, Rollin® and Printec® are brand leaders, providing offset printing blankets for the newspapers, magazines and catalogues, business forms, metal decorating and packaging markets plus a wide range of printing blankets for special printing machines.
