

Rollin[®] Hi-Coat

Pre-press advantages

- Easier set up on the press in both sides (no fabric inside)
- Very easy to strip
- Knock-out areas without strings
- Fast and accurate cad cutting
- Easy to be handled and re used

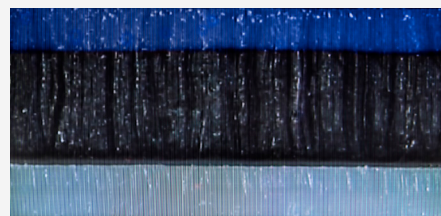

Press room advantages

- Superior laydowns of gloss, satins and soft touch coatings
- Excellent UV resistance
- Higher thickness tolerance of pressure adjustments on the press
- Excellent coating transfer over long runs due to the high quality compressible layer
- Reduced the numbers of washing operations thanks to imited tendency for ink-back trapping
- No fabric pattern

MAIN APPLICATION

Coating

Rollin Hi-Coat 1,15 - 1,35 - 1,95 mm thickness

Rollin Hi-Coat

The product at a glance
