

Four Generations of Printers' First Choice

As Apa Uniprint Printing CO, we have been giving first class service to all steps of printing process for 4 generations.

We kept growing by following up the recent technological developments and application processes in printing industry during this time in Turkey.

We have been working with the most prestigious publishers and publishing groups in Turkey and in Europe thanks to our printing lines consisting of:

- 2 x Harris M 600 heatset presses
- 1 x KBA Comet coldset press
- 1 x Tensor coldset web presses and
- 1 x 10 colors of Mitsubishi
- 1 x 8 colors of Komori
- 1 x 5 colors of Mitsubishi
- 1 x 2 colors of Heidelberg sheetfed presses

What's more, Apa Uniprint is a certificated supplier of Disney Company Europe, Middle East and Africa which means fulfilling their high standards on workmanship, security, quality and sustainability aspects.

We are very careful on selection of our consumable materials to follow our principles and our vision in order not to risk our high printing quality and fast delivery.

That's why we have perceived that we have achieved best results with three types of Trelleborg's Vulcan® blankets: "Vulcan® 202" , "Vulcan® 714 Master " and "Vulcan® Combo".

"We can satisfy all our customers' demands with them" says Apa Managers Mehmet Sontay and Turan Kendir
