sophisticated way

L2210 Overlap gasket

KEY FEATURES & BENEFITS

- Adaptable to gap dimensions of 5 to 6 mm
- Optimal positioning
- Firmly anchored, with pre-tensioned back

DESIGN & FUNCTION

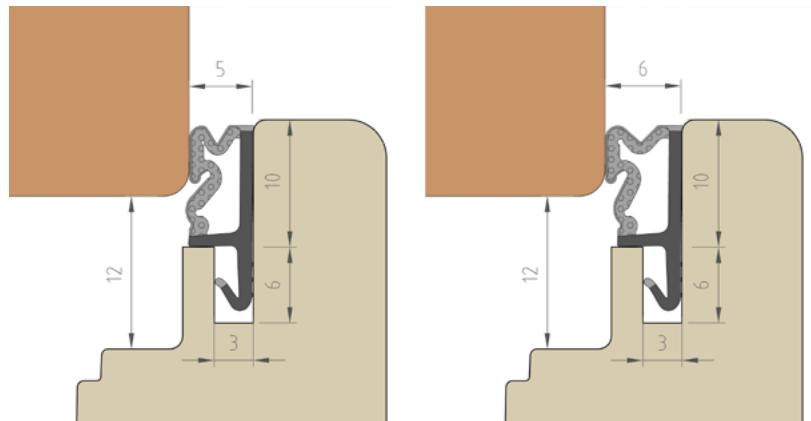

A voluminous gasket head with an generous wall thickness of foamed material, combined with a hard back - with a soft tip at the foot lip - ensures maximum adaptability and high stability.

The L2210 with its innovative sealing lip contour adjusts precisely to the sash surface and ensures excellent operating comfort with optimum contact pressure.
