

**Soft shell -
hard core**

L7038 Glazing gasket

KEY FEATURES & BENEFITS

- Stable in length due to hard core
- Secure fit through undercut
- Attractive appearance

DESIGN & FUNCTION

The hard, internal core prevents overstretching of the gasket during installation, corner joints thus remain permanently closed.

The wedge-shaped underside supports easy installation. The locking lip at half height of the seal ensures a secure fit and a tight joint even with shrinkage tolerances.
