**24 - 30 October 2022**

**Trade Fair Center Munich - Germany**

**Hall A6, booth 103**

## **Trelleborg showcases EMR tough tire solutions at bauma 2022**

From 24th to 30th October 2022 in Munich, Germany, Trelleborg will be present at bauma 2022 in hall 6 at booth 103 with its wide EMR range of earthmover radial tires for critical construction applications.

Frank Oelrich, Sales & Service Director Construction at Trelleborg Wheel Systems, commented: "Our tire experts will be on site to welcome construction machine specialists, and guide them through our highly innovative and engineered EMR1030, EMR1031, EMR1042, EMR1051, and Brawler HPS Soft Ride tires. We will advise them how they can enhance productivity in critical applications and make the lives of operators easier in the most demanding environments. The long-lasting, cut-resistant compounds in our tires provide premium performance for all types of applications."

Whether working on sand, rock, gravel, or soil, the multi surface tread design and strong radial carcass of Trelleborg EMR tires deliver superior control and perfect grip when it is needed the most for a comfortable ride, while maintaining low fuel consumption.

[bauma](#) in Munich is the world's leading trade fair and the most important meeting point for construction machinery, building material machine and mining machine industry. The global construction industry gathers here and offers a complete overview of the market in all its breadth.
