

ProHD. Maximum Productivity

HEAVY DUTY COMPOUND TO BOOST YOUR OPERATIONAL EFFICIENCY

ProHD. Maximum Productivity

SUPER PREMIUM COMPOUNDS

HEAVY DUTY

Maximising your operational efficiency is crucial to your profitability.

New from Trelleborg, the ProHD Heavy Duty premium compound is engineered to increase the load capacity of your critical Material Handling applications.

Overloaded tires put at risk operational efficiency and driver safety. If you have experienced your tires cracking or even melting, the solution is the new ProHD compound from Trelleborg.

- ▶ **Resists radial cracking**
- ▶ **Improved energy management**
 - **Restricts heat build up in the tire**
 - **Improves fuel economy/battery life**
- ▶ **Improved truck stability**
- ▶ **Available on Pit Stop Line version**
